## How essCert works

## essCert 4.0 – Coming 2H 2022

Our Next-gen essCert 4.0 solution will be released in the 2<sup>nd</sup> half of 2022, proving a simpler and more modern look & feel plus significantly improved capabilities. No migration or retraining will be required for our current customers.

### Key features coming to essCert 4.0 include:

- **App Store** enabling Chambers to generate revenue from members' use of additional trade digitization tools offered & managed by essCert
- **Modern User Interface** providing Exporters & Forwarders a user friendly, higher performing experience across any device
- **Open APIs** enabling seamless integration to multiple systems such as: (i) Exporter's ERP & TMS; and (ii) Chamber's CRM, Accounting Systems, etc.
